

CENTRAL INTELLIGENCE AGENCY

Office of External Affairs

4 January 1983

25X1

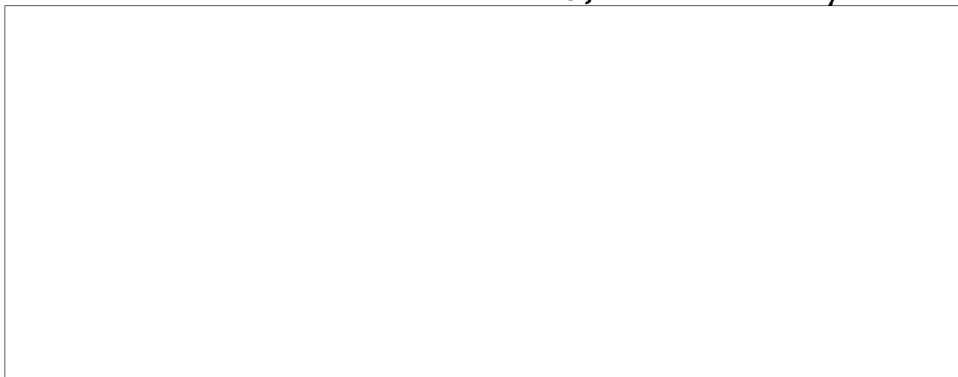

Unfortunately a good bit of what the DCI said at the National Defense College must remain classified. I have clipped the pages with classified paragraphs.

I suggest we retype the speech, inserting the new material and leaving out the classified materials.

If Mr. Casey would like, we can then have our experts cut and splice the audio tape to leave out the classified portions. This is not an easy job but it can be done.

We will await your instructions.

Thanks,
